About

Software developer **with over 9 years of proven experience in the technology industry**. Specialized in designing and building robust, efficient solutions across multiple platforms and environments. Strong expertise in **.NET, C#, Power Platform, HTML, CSS, JavaScript**, and other technologies. Skilled at applying **industry standards such as SOLID principles, clean code practices, and effective code refactoring** to ensure maintainable and scalable solutions. Recognized for problem-solving skills, delivering high-quality software, and continuously enhancing technical knowledge through ongoing professional development.

Professional Skills in a Nutshell

- Collaborate with stakeholders and development teams to define software requirements and specifications.
 - Develop high-quality, scalable, and efficient code following industry best practices.
 - Design, build, and support .NET applications for web, desktop, and cross-platform solutions.
 - Participate in all phases of the software development lifecycle, from planning and coding to testing and deployment.
 - Troubleshoot and debug software issues, identify root causes, and implement effective solutions.
 - Stay current with emerging technologies and industry trends, especially in .NET and modern software development.
-

Work Experience

.Net Developer

Tero, Bogota, Colombia

Nov 2022 – Mar 2024

- Gather client requirements and develop functional specifications.
- Participate in the design, parameterization, development, and testing stages of the functional requirements implemented in Dynamics 365/Power Platform.
- Document test results and prepare user manuals.
- Training and user support on related topics.
- Collaborate in the resolution of problems that arise in production.
- Continuous training in the set of tools and applications offered by the platform.
- **Technologies:** Net Framework, Microsoft Power Platform: Power Apps (Canvas and Model Driven), Power Automate, Dataverse, Power Virtual Agents, Power BI.

Professional Development Engineer

Aseguradora Solidaria de Colombia, Bogota, Colombia

Sep 2017 – Oct 2022

- Development, support, and maintenance of desktop and web software solutions for internal and external areas such as finance, life, auto, property insurances, customer service, partners, banking, among others.
- Online payment platforms.
- Tokens and security questions for identity verification.
- Implement digital signature for document certification.
- REST API. Documentation with Swagger, authentication and authorization with JW Tokens.
- Data Integration with Extract, Transform, Load (ETL).
- Build relational database systems with SQL Server.
- Technologies: .Net Framework, .Net Core, C# , VB , ASP .Net Framework and Core, API REST , WCF, Reporting Services, HTML, CSS, JavaScript, SQL Server, ETL, Azure DevOps, Agile Methodologies, Scrum, code versioning with Git.

Jr Developer (.Net Framework)

Main Outsourcing, Bogota, Colombia

Feb 2017 – Sep 2017

- Development, support and maintenance of web applications and business services for Aseguradora Solidaria de Colombia.
- Management of payments and portfolios, with online payment point (PSE, TDC).
- Solutions for external users such as stores, cooperatives, and others banking and financial entities; for the massive sale of life, auto, and assets insurance.
- Data Integration with Extract, Transform, Load (ETL).
- Technologies: .Net Framework, .Net Core, C# , VB , ASP .Net Framework, API REST , WCF, SQL Server, ETL, HTML, CSS, JavaScript, Azure DevOps, Agile Methodologies, Scrum, code versioning with Git.

Jr Developer (.Net Framework)

Equirent, Bogota, Colombia

Apr 2016 – Dec 2016

- Development, support and maintenance of core business modules for vehicle rental and maintenance.
- Technologies: .Net Framework, C# , VB , ASP .Net Framework, API REST , WCF, SQL Server.

Education

Post-Degree Diploma in Web and Mobile App Development

Langara College, Vancouver, British Columbia, Canada.

May 2024 – Dec 2025

Master's Degree in Systems Engineering

Politécnico Grancolombiano, Bogota, Colombia.

Jan 2019 – Sep 2023

Bachelor's Degree in Systems Engineer

Universidad Nacional Experimental de la Fuerza Armada Nacional (UNEFA), Caracas, Venezuela.

Jan 2005 – Dec 2010

Technical Skills

Programming Languages: C# (+9 years), HTML - CSS - JavaScript (+2 years).

Frameworks: .Net, .Net Core, .Net Framework (+9 years), React - Express - Node.js (+1 year).

Databases and Data Transfer: SQL Server (+9 years), Microsoft Reporting Services, ETLs.

Web Services: REST APIs (Representational State Transfer APIs)(+5 years), WCF (+7 years), JSON, XML.

Authentication: JW Tokens, OAuth with Google, Facebook and LinkedIn service providers.

Microsoft Power Platform (+1 year): Dataverse, Canvas Power Apps, Model Driven Canvas Apps, Power Automate, Microsoft Power BI.

Code Versioning and Collaboration: Azure DevOps, GitHub, Agile Scrum Methodology (+6 years).

Industry Standards and Best Practices: OOP (Object-Oriented Programming) (+9 years), SOLID Principles (+5 years),

Debugging- Code refactoring (+ 9 years).

Languages:

English: Professional working proficiency

Spanish: Native / Professional fluency

Familiar With:

Jira.

AI APIs: OpenAI, Gemini.

Typescript.

Machine Learning: Python, Scikit-learn, Pandas, Matplotlib libraries.

Data Mining Techniques.

Visual Basic

Design Patterns

MongoDB, Firebase, PostgreSQL, MySQL, SQLite

Mobile App development: React Native, Android Studio, Kotlin, Java, Xcode 14+, Swift

Azure, AWS EC2 – Linux Apache Admin, Bash scripting, Docker.

Microsoft Certifications and Exams Passed [link](#)

AZ-900 Azure Fundamentals

PL-900 Microsoft Certified Power Platform Fundamentals

PL-400 Power Platform Developer

PL-100 Microsoft Certified: Power Platform App Maker
